DECISION

This is a decision on the correspondence filed on 26 July 2006, which is being treated as a request to correct inventorship under 37 CFR 1.497(d).

BACKGROUND

This international application was filed on 25 November 2004, claimed an earliest priority date of 26 November 2003, and designated the United States. The International Bureau (IB) transmitted a copy of the published international application to the USPTO on 09 June 2005. Consequently, the thirty month period for payment of the basic national fee in the United States expired as of midnight on 26 May 2006. On 22 May 2006, applicants filed *inter alia* the basic national fee.

DISCUSSION

The declaration of the inventors filed on 26 July 2006 lists a joint inventor, Rudolf Brenneisen, who was not nominated in the published international application, nor is an appropriate Form PCT/IB/306 present in the application file. This declaration is being treated under 37 CFR 1.497(d). A declaration filed under 37 CFR 1.497(d) must be by the actual inventor or inventors as required under 37 CFR 1.63 or as permitted by 37 CFR 1.42, 1.43 or 1.47. The declaration must be accompanied by (1) a statement from each person being added as an inventor and from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his or her part, (2) the processing fee set forth in 37 CFR 1.17; and (3) if an assignment has been executed by any of the original named inventors, the written consent of the assignee (See 37 CFR 3.73(b)). See Section 201.03 of the Manual of Patent Examining Procedure (M.P.E.P.).

Regarding requirement (1), applicants have not provided an appropriate statement by Mr. Brenneisen.

Regarding requirement (2), the required processing fee is being charged to counsel's Deposit Account No. 19-0134, per the authorization included in the Transmittal Letter filed on 22 May 2006.

Regarding requirement (3), review of the record reveals that either Novartis AG and/or Universitäts Bern may enjoy an assignment interest in this international application, but applicants have not submitted the appropriate written consent of the assignee(s), along with appropriate 37 CFR 3.73(b) statement(s). Nor have applicants indicated that no assignment interest pertains to this application. As such, requirement (3) has not been satisfied.

CONCLUSION

The declaration is **NOT ACCEPTED** under 37 CFR 1.497(d), without prejudice.

If reconsideration on the merits of this matter is desired, a proper response must be filed within **TWO (2) MONTHS** from the mail date of this decision. Extensions of time are available under 37 CFR 1.136(a). Failure to timely reply will result in **ABANDONMENT** of this application. Any reconsideration request should include a cover letter entitled "Renewed Submission Under 37 CFR 1.497(d)". No additional processing fee is required.

Please direct any further correspondence with respect to this matter to the Assistant Commissioner for Patents, Mail Stop PCT, P.O. Box 1450, Alexandria, VA 22313-1450, and address the contents of the letter to the attention of the Office of PCT Legal Administration.
